Need entertainment for your wedding reception, dance or party?

Sound Explosion DJ Service is your best choice for entertainment. With over 20 years of experience, **Sound Explosion** gives you smooth, efficient operation using superior equipment. Catering to virtually every type of gathering since 1982, we perform at over 50 wedding receptions and 50 other events yearly. **Sound Explosion** has gained a reputation for first rate service at an affordable price.

Why is Sound Explosion your best choice?

WE PLAY REQUESTS

Sound Explosion DJ service, unlike bands and many other DJs, will play any type of music you request. With more than 5,000 hit songs at each event and a library of over 10,000 additional songs, we can play what you want to hear. You can choose titles from the most comprehensive music list in the area, updated before every show. The list includes all types of music, from waltzes and polkas to current hits and everything in between. A copy of the list is available for review in your home prior to your event, allowing you to select songs you want played and perhaps songs you do not want played. The list is also available during the event to help you and your guests make requests. Requests for special music not on our list can usually be honored or, if you wish, you may provide CDs or tapes for us to play. This often works well for ethnic music.

WE ARE PROFESSIONAL

Sound Explosion's DJs provide a quick and efficient set-up that is completed prior to the arrival of guests. Emphasis is placed on courtesy and appearance. Our DJs dress appropriately for your event, usually shirt and tie. Special dress is available upon request. Each show is staffed by two DJs. This allows one to concentrate on the music while the other takes requests and operates the lighting. For weddings, our DJs MC for your special dances and the bouquet and garter toss, make announcements and ask for requests. We do not attempt to become the center of attention, reserving this for the Bride and Groom. In addition, our DJs do not take breaks, so you get continuous music.

WE ARE RELIABLE AND HELPFUL

We will be there, on time, ready to play when you need us. Our staff has the experience and knowledge to help organize your event, make announcements, and play the music that will make your event a success.

WE ARE FLEXIBLE

Sound Explosion DJ Service has equipment and personnel to run three shows on the same night, any day of the week. Last minute planning is often possible. No location is too small nor too large and we perform equally well inside or out.

WE HAVE SUPERIOR EQUIPMENT

Unlike many other DJ services, **Sound Explosion** offers state of the art sound equipment. We primarily use compact discs, but can also play a tape in case your special requests are not available on CD. Our equalizer allows for adjusting the sound system for the specific location and eliminates feedback when using the microphone. A wireless mic is available at each event for announcements, toasts and speeches. We also feature the area's most elaborate computerized lighting system. The lighting system sets the mood for each song and helps bring the "shy" dancer to the dance floor.

THE DETAILS

Our sound systems consist of:

- * 600 total wattage QSC and 520 total wattage Peavey professional amplifiers.
- * Peavey full range SP-2 loudspeakers.
- * American DJ, Sony and Denon compact disc players.
- * Proton tape decks with DBX noise reduction to eliminate hiss and increase dynamic range.
- * American DJ mixing consoles
- * Samson Wireless microphone for announcements, toasts and speeches.
- * Equalizers that adjust our system for the best response for your room and eliminate feedback.
- * A large selection of music of all types, including top 40, rock, dance, rap, hip-hop, oldies, country, big band, waltzes, polkas and other ballroom dances. We have over 5,000 hit songs available at all events. We have an additional library of over 10,000 songs to allow us to meet almost any advance request.
- * A complete music list is available on our website and a print copy can be provided upon request.

Our lighting systems consist of:

- * A custom built computerized control panel featuring a sequencer, a color organ, dimmers and several other special effects.
- * Two or four light trees with four different colored lights mounted on each that are usually placed on the corners of the dance floor.
- * A rotating twelve inch mirrored ball and two pin spots.
- * Special effect DJ lights that spread multi-color light beams over the dance floor
- * A stage quality rotating police beacon.
- * A stage quality remote strobe light and special effect DJ Lights (upon request).
- * A stage quality fog machine (upon request).

KARAOKE SING-A-LONG

If your group likes to sing, consider karaoke sing-a-long. Available for an additional fee, this includes over 1,000 songs and a video monitor that displays the lyrics.

WE ARE THE BEST VALUE

With all these advantages, we are still one of the least expensive services in the area. To book your date, or to get more information, give us a call or visit our website. We look forward to hearing from you.

SOUND EXPLOSION: the best in celebration entertainment.
